Research for sustainability

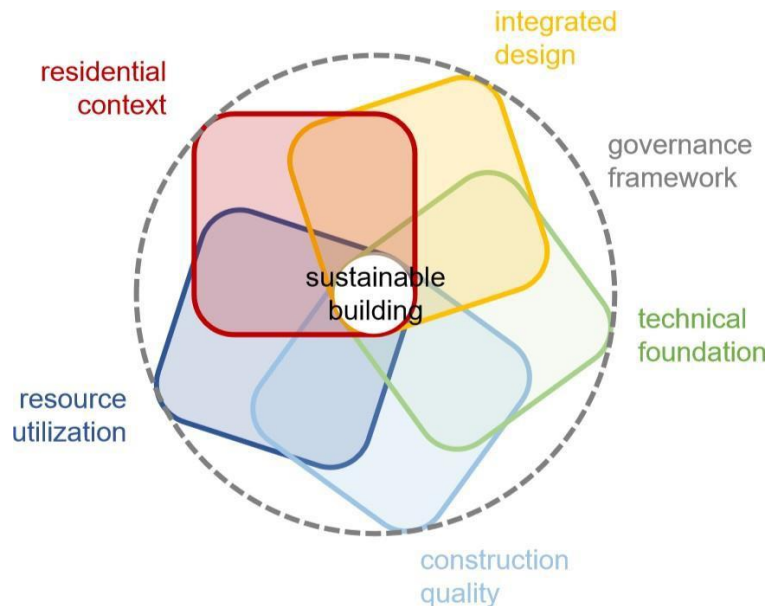

STATUS CONFERENCE

18 March 2021, virtual

Organized by:

Hamburg University, UHH

Vietnam Institute for Building Materials, VIBM

Research Consortium

National University of Civil Engineering Hanoi, Vietnam

Ton Duc Thang University HCMC, Vietnam

Vietnamese Institute for Building Materials Hanoi, Vietnam

College of Urban Works and Construction Hanoi, Vietnam

Conference Agenda

<p>14h00 - 14h30 (VN) 8h00 - 8h30 (GER)</p>	<p>Technical testing and preparation / informal exchange</p>
<p>14:30 - 15:00 08:30 - 09:00</p>	<p>Introduction of the conference, participants, agenda Greeting words</p> <ul style="list-style-type: none"> - Assoc. Prof. Dr. Le Trung Thanh, VIBM's President - Dr. Dirk Schwede, CAMaRSEC Consortium Leader - Mr. Weert Börner, Deputy Head of Mission / Head of Economic Section of German Embassy in Vietnam - Ms. Ute Arnold, BMBF-project office for Sustainability Research, Hanoi - Ms. Tran Thi Thu Huong – Chief of International Cooperation Department, MOST
<p>15:00 - 15:20 09:00 - 09:20</p>	<p>Keynotes speeches</p> <ul style="list-style-type: none"> - Governmental Commitment, current activities and plan on the GB sector Mr. Nguyen Cong Thinh, Vice Head of Science - Technology and Environment Department, MoC
<p>15h20 - 16h00 09:20 - 10:00</p>	<p>2 CAM joint project result presentations</p> <ul style="list-style-type: none"> - VIBM and Fraunhofer, - Taurus and VIBM (TBC) - Baubildung Sachsen and College of Construction Works (TBC)

Conference Agenda

16h00 - 16h15 10:00 - 10:15	<i>Coffee / Tea break</i>
16h15 – 16h45 10:15 – 10:45	2 CAM joint project result presentations <ul style="list-style-type: none"> - Stuttgart, NUCE and Ton Duc Thang - Hamburg, NUCE and Ton Duc Thang
16:45 – 17:30 10:45 – 11:30	Panel Discussion (moderated by Dr. Luu Thi Hong, VIBM’s Vice President) by key SB sector’s donors and stakeholders, including (GIZ, UNDP, VIBM, MOC, IFC , others...) to provide <ul style="list-style-type: none"> - Inputs on CAM project’s research results - Insights from stakeholders’ current sustainable building projects/actions/plans to promote energy, resource-efficient and durable construction...
